Jennifer is a delight to be around. She is excellent in both her work and friendliness. She puts you at ease when I'm in the office. I would personally recommend anyone to ask for her as their hygienist. Dr. Kirol is wonderful and doesn't push to do extra dental work. I appreciate his friendliness and

care. I recommend this office to anyone looking for a dentist. I'm 100% satisfied with the care I receive. Thanks

Review for Douglas Kirol, DDS

I have been seeing Dr. Kirol for several years. He "inherited" me when my former dentist, Dr. Mark Trombley, retired. In addition to my twice a year regular checkups and cleanings, I have also had an implant and most recently, a crown, and I can truly say that I have never had a bad experience in this office. Dr. Kirol, the staff and the office are courteous, professional, informative, very flexible, and they work as a team. They always guide me through the options and the process and also help me find my way through the insurance maze. I get maximum results with minimum discomfort, and I would definitely recommend this practice to anyone.

I had a tooth with a crack at the top of one root. Obviously, it had to come out. Rather than send me off to a specialist, which could cost many hundreds of dollars for an extraction, Dr. Kirol did the work himself (with a very qualified and helpful assistant). It was a difficult job, but he worked at it until complete. I give him lots of credit for doing the work all dentists should do; help the patients. I have been very happily using Dr. Kirol's services for over 12 years, through fillings, extractions and caps and bridges. He does it all, at reasonable cost...

Review for Georgianna Beers

I was happy to be squeezed in as a walk-in because I had an issue, but I was unhappy and hurting even more when I left! Ms. Beers continued to roughly clean my teeth even though I was in pain. My teeth still hurt and feel rough in areas that were not hurting before! Then, Dr. Kirol waltzed in and out without much (actually any!) comfort to my issues and/or pain. I am sure I will be billed for the "hack" job. This is the reason people fear the dentist office. To top it off, I was given a flouride pack to paint on my own teeth...as in you can do it yourself...I could get that service from a franchise office. They are the professionals; they should have known better. :( I will say there was a bright side...They called and got me an immediate appointment at the oral surgeon who was WONDERFUL and catered to my concerns and genuinely understood (he AND his staff actually) what I was going through. I am just completely disappointed with my experience.

The staff at this dentist office has got to be the best that I have encountered in all of my experience going to the dentist. I have a horrible fear of going to the dentist; more so the procedures, but at this place, they make you feel so at home and distracted by making you laugh and feel down right comfortable that it eases and relax you that you don't even think about what you are about to go through. Plus have the option of the happy gas is an extra bonus points in my book.

Review for Georgianna Beers

I personally do not like to go to the dentist due to previous bad experiences so I try on my own to take care of my teeth and gums. I have to say that my experience here was very pleasant. The dental tech was very understanding of my fears and was thorough as well as gentle to ensure that I was not in total discomfort. I really felt like although that was my first visit, that I could have been there for years. Dr. Kirol interaction was also very pleasant and I ended my visit with no anxiety and definitely a reason to return. The only issue I had was that instead of billing directly through the insurance for their portion of the payment, they require full payment of service at the time of visit and for the patient to get reimbursed by the insurance company. I was not aware of this policy so they made an exception to file the claim for me and allow me to come back with the check to pay them. This can be a hardship on someone who does not have the ability to pay the cost of treatments and such (hence why we get insurance), but other than that I would definitely recommend them to my family and friends that maybe able to afford this option for great care.

Review for Jennifer Long

This was an experience that is reflective of years gone past. It was the kind of treatment that we all remember from when our parents took us to the

dentist. Though the technology has dramatically changed to the better for dental needs, the missing ingredient in most dental offices is the lack of really caring about the patient. At Kirol Family Dentistry one feels the sincerity of concern, of kindness in every aspect of treatment, and a genuine approach that they are looking down the road to keep our teeth and our smiles blazing. I've had disappointing results from other dental offices, but I know I have found a jewel in this one. I recommend Kirol to everyone... unless you want to only be treated as a piggy bank and a necessary interruption at other dental offices. Thank you Jennifer and Doug and the rest of the staff. I'm smiling!

Review for Andrea Coxton

Dr. Kirol is wonderul. He does an extensive exam of your teeh, gums, tongue and jaw. He asks questions about any problems, pain, etc. that I might be experiencing. His assistant, Andrea, is amazing. I have never had such a complete check and cleaning that she performs. I have a small mouth and have always had problems with x-ray trays but she did a very logical thing, she turned it vertical and it worked so well. No pain, no gagging or discomfort. Thiis team does everything to make your visit pleasant and professionally done from the minute you check in to the time your leave. Dt. Kirol was recommended by a friend ang now I am spreading the word to my friends.

I can't say enough good things about this dental practice. Dr.. Kirol is so kind and so good to people. He recognizes that his patients are nervous and he talks them through with whatever procedure is being done. His assistants are so nice and will help you in any way possible. They are all friendly and

know how to put people at ease. I told Dr. Kirol once time that I would cross two states to come to his practice, and I would!

I simply came by to look the place over and was tricked to sit in an unusual chair... Where suddenly I was strapped down. To my horror a lovely Lady, who may have been working for a poacher, grabbed one of her bigger associates and removed some of my ivory, likely to sell on the black market for jewelry in lieu of rhino horn. The ransom to be paid was quite reasonable, so I promptly left feeling lucky that there was no market for shrunken heads! LOL. It was truly, really, a pleasemt experience! 5 star

Review for Andrea Coxton

On my first visit to Dr. Kirol, I had sporadic pain in a old crown. I got an Xray and he checked for damage. After an extensive exam, he told me the crown looks great and didn't need replacing. He told me to come back if the pain occurred again. At my check up visit, I told him about not wearing my retainers from braces I had several years ago. If I skip a few nights, it hurts when I have the them on again since my teeth had tried to move back. Back on track with retainers and no more pain. I have found Dr. Kirol to be a terrific and HONEST dentist. Some dentists would have replaced a perfectly good crown and cost me a bundle. Dr. Kirol puts his patients care first and is one doctor I have complete trust in and I feel lucky I found him.

Review for Jennifer Long

Everyone in the office was SUPER friendly and made me feel like a family friend they hadn't seen for a while, it was a very comforting experience. Although, the reason I didn't give 5 stars was because of how expensive it was. With my insurance, I've never paid more than \$20 for a cleaning and when I left Kirol I was charged \$50.

Keeping up with dental cleaning every 6 months, upon this last visit I was told about some decay that will need to be filled, I was quite surprised that

this was not reported or even notice just 6 months ago since the area looked the same 6 months ago, when steps could have been taken to avoid the fillings.

I was pleasantly surprised by the fast,efficient,professional experience of having a crown placed on one of my back molars. My crown was made in the office and I left with a piece of tooth jewelry,that was an exact fit and color for my mouth! Thanks to Dr. Doug and his assistant SHEila!

Great practice. Everyone so welcoming. They make you feel like a friend. I felt comfortable and put at ease. They smooth your nerves :) Would recommend Dr. Kirol and his staff to everyone. They for sure get a "10" and a "5" star rating for excellence. Can't thank them enough for putting my faith back in dentist care. If you can have fun at the dentist, this is the place. They are so friendly. OH, and I love my hygienist!!!

Review for Andrea Coxton

Everyone in the office treats me very kindly. Andrea knows my needs and ALWAYS keeps me comfortable. She is totally aware of the sensitivity problems I face as well as other health issues. She takes all steps necessary to keep my "hotspots" under control during the exam..She works quickly and minimizes the amount of time for exam. I appreciate the extra care I get and the tips on how to control the sensitivity on a daily basis. Dr.Kirol puts a trusting and gentle finish to my visits. When I have procedures done (still thinking about a few!) I know he will do everything he can to take my needs into consideration. Y'all are great!!

Dr. Trombley, Laurie, the front office, and The Lab teamed together to give me excellent results. I had two very old and unattractive caps replaced, and veneers applied to two of my front teeth. What a difference! All work, artistically done and natural looking, was done to minimize discomfort and give me a great new smile. I couldn't be happier! I have been a patient of Dr. Trombley for over 30 years, sincerely appreciate all he has done for the Bowman family, and wish him all the best as he nears retirement. Had a crown replaced. New crown was made on site. This eliminated the need for me to have a temporary crown for two weeks and the prospect of

having to come back for a second appointment to put in the permanent crown. Staff and doctors are always friendly and accommodating. Most people don't like to go to the dentist, but these folks make it a better experience than can be expected. I've been seeing them for over a decade and won't go any place else for my dental care. Thanks!

Review for Jennifer Long

Basically a satisfactory experience, as is normally the case. However, there was a bit of a glitch at check-in. When I arrived (8:58 a.m. for a 9:10 appointment) there was a gentleman talking to the receptionist so I simply stood in line behind him. However, she stopped talking with him as asked if she could help me. I said "My name is Jim Casada and I have a 9:10 appointment." She replied that she would let the technician know. I waited for 15 minutes and then the technician stuck her head in the waiting room and said, in surprise, something to the effect of "Oh, you are here." She clearly had not been notified I had arrived. Jim Casada

I required an emergency appointment this week for a broken tooth. The staff was extremely helpful and I was seen immediately. I needed a crown and it was scheduled with Dr. Ann Kirol. I was so impressed with their dedication to making me as comfortable as possible during the procedure. I was astonished that in less than 3 hours, I left with a permanent crown! It was an amazing process. I have now been a patient of Dr. Doug Kirol and Dr. Ann Kiroll. I can recommend each of them without hesitation. Hi, Dr. Kirol, I loved the environment and how the staff was concern and very nice. Yes, as I mention my family have already switched over to you all. You will be meeting my Husband Marcus Brown, and my daughter Whitney Currence soon, I also recommended a friend. Thank you, for taking me at the spare of moment, and you did a great job on pulling my tooth, I feel better. Thanks again.

Review for Brenda Clayton

The staff is always helpful. Brenda, my hygienist, is highly competent and fun to spend an hour with, even if her hands are in my mouth. After leaving the office, I always feel that somebody who knows a lot more about my teeth is helping me take care of them. Very thorough. Very professional. Answers questions at length. Works hard to make a trip to the dentist as pleasant as possible. Thanks.

Doug Kirol is a fine dentist, I have complete confidence in his judgement as to treatment, the entire staff of dental assistants, office personnel, etc. are great. I have been going to Dr. Kirol since he began his practice in Rock Hill and will continue to do so, at least as long as I have teeth in my mouth.

The level of service was top notch. I was not in the waiting room very long. It seemed to take a little longer than normal to clean my teeth, but it was fine. The hygienist did a great job and used great care with my teeth. She was very attentive and friendly. The only recommendation I would have is to schedule the reminders a week or less before the appointment. The reminder came to my phone and e-mail over two weeks prior to my Monday appointment. I thought this was a little confusing. I think the reminders should be no more than a week out. Overall, great job and great staff!

I have been pleased with my history with Dr. Trombley and dental staff for the past 14 years. Upon my last visit, I was advised that future visits must be paid in full at the time of the visit - even though my insurance was verified and will be paid within 3 weeks. I understand that the office is in the business to have zero balances on accounts and due to the fact that some customer's have neglected their obligations of paying the bill once insurance has been paid, the GOOD PAYING customers are penalized? No sense and now I am forced to seek a dentist practice who will accept my insurance payments rather than eluding that I am one of the persons who does not pay in a timely manner.
